

# Rubber multicore cable H05RR-F

1. Electrolytic bare copper flexible conductor
2. EI4 elastomeric rubber insulation
3. EM3 elastomeric rubber or equivalent synthetic elastomer outer sheath

## APPLICATIONS

Suitable for installation in domestic premises, kitchens and offices, for ordinary duty applications and supplying appliances where they could be undergone to low mechanical stresses (vacuum cleaners, cooking appliances, domestic portable tools, hand held inspection lamps). The outdoor use for temporary periods of short duration and in places with presence of water (AD2 condition) is allowed.
